Iptv smarters apk download for smart tv

□ The inbuilt video player supports all major video formats including 4K. This gives IPTV Smarters Pro immense playback capability. Thus, users won't have to rely on any third-party app at all. □ Live TV Recording is one of the best features of the application. Recordings are saved into the recording list and can be watched by the user anytime they want. □ It supports several IPTV Panel's API including Xstream Codes, StreamCreed, Xstream UI and others. □ Users can enjoy a fantastic IPTV experience on up to 4 screens at one time. So, 4 members of a family can watch the content of their own choice simultaneously □ The app comes with a Parental Control allowing the users to set Parental Password and restrict content. This prevents children from accessing content not suitable to their age. □ Apart from playing network stream, it plays the local audio and video files as well. This feature makes IPTV Smarters one of the best IPTV players. □ It supports the playlist format and m3u URL (streamline).where you just need to upload the playlist file or enter the URL to get the app worked. □ Of course, Users will love to have a hands-on program guide to check out the timings of their favourite TV shows and series. IPTV Smarters, apart from displaying basic program information, comes with a full EPG consisting of a timeline for each channel. □ If a User of yours doesn't own an Android TV or Smart TV, he/she can still enjoy a big-screen experience of their favorite TV shows via Chromecast on their normal television or Windows/MAC PC/Laptop. IPTV Smarters Chromecast Android allows your users to cast their favorite content to the big screen of their television or Windows/MAC PC/Laptop via Chromecast device. □ Users can add their favourite videos, TV shows, or channels to the Favorite section of the app for quick access. Apart from Favorites, the app comes with a Recently Watched section that holds content recently watched by the user. □ IPTV Smarters has been integrated with VPN technology that allows users to add their own VPN Credentials (Certs) and turn it On while playing content. It supports ovpn files (based on OpenVPN). The options is available -> IPTV Smarters -> Settings -> VPN Free media player/8IPTV Smarters Pro is a free media player for your Android phone with a stunning layout and many features. The application includes a parental control that you can enable on your child's device if needed. However, the app has no content and only functions as a player.Multiple File TypesIPTV Smarters Pro supports multiple video types as it's a powerful multimedia player. The application lets you play Xstream API movies and loads M3u files and URLs. The app is also ideal for streaming actual IPTV content in HD, such as live sports matches and TV series.Parental ControlIf you're installing this application on your child's device, you can enable parental controls from the settings menu. This mode allows you to block channels and other content that the user may stream onto the application. However, you can easily disable this option with as much effort as it took to enable it.InterfaceThe interface is IPTV Smarters Pro's most redeeming quality and the main reason you'll download the APK. The layout is both attractive and user-friendly, presenting the options in bright, bold squares. You can also have the application rebranded with your own company's logo in the interface.FreeIPTV Smarters Pro is entirely free to use when streaming videos and series on your mobile device. The application has no subscriptions or streams that many other IPTV applications offer. This lack of payment makes sense as there is no content available with the software.Doesn't Supply MediaLike almost every IPTV player available for your mobile device, the application has no content readily available. Any channels or videos need to get added through your IPTV service provider, a separate service you're probably already paying monthly. You'll need your username, password, server URL, or M3u file / URL playlist to use the app.This requirement is similar to the alternative applications IPTV and Tivimate that have unique layout designs .Many Minor FeaturesIPTV Smarters Pro is a decent media player that supports high-quality IPTV streams of live sports, series, and many more channels. The app also has a dynamic language switch and embedded subtitles, making you ready for any show you watch.We don't have any change log information yet for version 2.2.2.4 of IPTV Smarters Pro. Sometimes publishers take a little while to make this information available, so please check back in a few days to see if it has been updated.Can you help?If you have any changelog info you can share with us, we'd love to hear from you! Head over to ourContact pageand let us know. IPTV Smarters App is an Android Application based on Xstream Codes for End-Users that provides the facility towatch Live TV, VOD, Series & TV Catchup on their Android Devices (Mobiles, Android Boxes, Fire TV Stick etc.). There are 2 ways of adding a profile/user. 1st Load your Playlist or File/URL 2nd Login with Xstream Codes API Load your Playlist via File/URL: You will need to enter your Server URL that is provided by your service provider. Load your Playlist via API: You will need to enter your Username, Password and Server URL Example line: . Any Name example : iptvsmarterspro 2. Username: JGsznjd043. Password: 5Sy3k06 4. Link: or 8080IPTV Smarters works perfectly on Android devices.If you have problems with it, they are most likely to be caused by entering your credentials incorrectly.Check that you have entered them exactly as in your line. with no spaces. Check the upper/lower case.More info & Download: Or download the app (V2.0.2) at the Apk Pure store.In case play store says "doesn't work on this device" Try downloading the Application and install using an APK installer.example: APK InstallerSettings: General Settings:Here you can setup auto-start on Boot-up, show full EPG, active subtitles, set user agent or change the language.EPG Time Shift:Default it is 0.Stream Format:It's select default, you can change & save it as MPEGTS (.ts format) or HLS (.m3u8) format.Time Format:By default its 24 hours, you can change it to 12 hours.EPG Timeline:By default selected is show All channels. (leave it like this)Automation:Do not change as wellSet Parental Password:in case if you've got kids at home Player Selection: Player Settings:suggest keeping default settings Software Decoder in case of probs use Hardware Decoder iptv smarters apk download for samsung smart tv
