And when you want to remove an app, we show you how to uninstall it, or simply move where the app lives on your home screen. How to update the software on your LG TV How to update your LG smart TV firmware for the latest version of webOS, along with the latest features, apps and security. How to setup ThinQ AI on your LG TV Unleash the power of LG's ThinQ AI, which combines artificial intelligence with Google Assistant and Amazon Alexa for the ultimate in voice-driven convenience. Using an older LG TV? If you're using an LG TV from before 2020, we still have help for you! Our 2018 LG settings guide can help you with all of the ins and outs of older LG TVs. This guide offers simple answers to these questions for all LG models using webOS 4.0, and includes advanced features like ThinQ AI and Google Assistant. (Image credit: LG) Though it's focused on 2018 models, the basics will often apply to other versions of webOS, as well, including 2017 and 2019 models. This will usually be an unobtrusive label, with very fine print. (Image credit: Tom's Guide) On the label you should find both the model number for the TV, as well as the unit's individual serial number, power requirement information, and a phone number for customer support. As new features are added to TVs, like streaming services, smart home control and voice interaction, figuring out how to do the basics — like getting your TV up and running, or adjusting the picture — is more complex than ever. But even with all of the software and apps, the wired and Wi-Fi connectivity and the motion- and voice-enabled remote controls, it's easier to figure out your smart TV with a step-by-step guide. We've got step-by-step instructions that will navigate you through the menus that let you control your LG smart TV's features and settings. How to set up your LG TV Here's how to get started setting up your LG smart TV for the first time, from the first time you power it on to pairing the remote, connecting to Wi-Fi and scanning for channels. How to install & remove apps on an LG TV Whether you want to stream movies and shows, catch the latest news or control your smart home gadgets from the comfort of your couch, there's probably an app for that. This includes setting up your TV and adding or removing apps, updating the smart TV software and setting up LG's ThinQ AI voice assistant. Media Server Share media content with nearby DLNA compatible devices \* Carrier service required. Product features subject to change. \* Actual battery time may vary depending on network connectivity and application use. Here's how to find new apps for your LG smart TV, from browsing the LG App Store to installing the app of your choice. The TV model number should be listed in the information under this tab. Getting started with your LG smart TV If you have a current 2020 LG TV, which uses version 5.0 of LG's webOS operating system, we've got instructions that will walk you through the basics. 2MP, 30FPS with Flash Included Resolution Up to 1920 x 1080 pixels Video Playback Resolution Up to 1920 x 1080, 60fps Self Portrait Video Mode Included Live Shot Take pictures while recording Quick-Sharing Functionality Access social platforms instantly after taking pictures and videos Self-Timer\* Choose to take a picture/video 3 or 10 seconds after you press the shutter/record button Pause & Resume Recording Pause and start in record mode for one continuous video file Geotagging Tag location information in videos \* Available only on rear-facing camera or camcorder. \* Google, Google Lens, and other related marks and logos are trademarks of Google LLC. Screen Resolution 2160 x 1080 pixels Battery Capacity 3,300 mAh Lithium Ion Processor 1.8GHz Octa-Core Qualcomm® Snapdragon™ SDM450 Storage 16 GB - Up to 2 TB expandable via microSD™ card (sold separately) 6.2" FHD+ FullVision TFT Display 18:9 Aspect Ratio (2160 x 1080) with Stylus Pen Reinvented Metal Design Included Size 6.30" (H) x 3.06" (W) x .33" (D) NEG Screen Protection Included Quick Capture with 13MP PDAF (Phase Detection Auto Focus) and Single LED Flash Included Resolution\* Up to 4160 x 3120 pixels Burst Shot\* Hold the shutter button to take multiple shots Quick sharing functionality Access social platforms instantly after taking pictures and videos Self-Timer\* Choose to take a picture/video 3 or 10 seconds after you press the shutter/record button Cheese Shutter Use your voice to take a picture Geotagging Tag location information in pictures HDR\*\* Mode Optimize the contrast of your pictures Auto Focus f/2.2 Low-Light Lens Panorama Feature Create a wide photo of a panoramic view Film Effects Create your perfect image by customizing the preset tones and colors Food Shot, Match Shot, Guide Shot, Snap Shot, Grid Shot, Flash Jump Shot Included \* Available only on rear-facing camera or camcorder. Bluetooth Stereo Headsets (LG TONE PLATINUM®, LG TONE INFINIM®, LG TONE ULTRA®, LG TONE PRO®, LG TONE TRIUMPH™) Travel Adapter and USB Cable\* Included Navigating a smart TV can get complicated, and LG smart TVs with webOS are no exception. \*\* Usable memory varies depending on software versions and settings; at most 8GB for LG Stylo™ 4. It's worth taking a picture of this label, so in case you forget it, you don't have to move your TV once it's set up. Find the model information in the TV's settings Open the Settings menu, and navigate to "All Settings." Here you'll find the full listing of settings and adjustments for the TV. Look for the "About this TV" tab, and open it. \* Usable memory varies depending on software version and settings at most 42GB actual usable memory available LG Stylo™ 6. And that's what we've got for you, with illustrated instructions that walk you through solving the most common problems with your LG smart TV. We've got help for you whether you have a 2020 LG TV or an older model. Platform Android™ 8.1 Oreo Processor 1.8GHz Octa-Core Qualcomm® Snapdragon™ SDM450 Battery Capacity 3,300mAh Lithium Ion Large Capacity Battery for over 1 day of use Included Talk Time\* Up to 13 hours Standby Time\* Up to 22 days and 20 hours With USB Type-C 2.0 Charging Port Included External Memory Up to 2TB Hearing Aid Compatible (HAC) Included \* Actual battery time may vary depending on network connectivity and application use. \*\* HDR (High Dynamic Range) is a technique of taking pictures with different exposure values and synthesizing them to ensure proper contrast. Features based on carrier program availability. Pen Pop 2.1 Choose which app shortcuts you want available when you remove the stylus Pen Keeper Prevents the stylus from being misplaced by displaying a popup message when the phone is detected as being in motion when the stylus bay is empty Pop Lens Zoom in on any image Pop Memo Quick note-taking app you can set to activate immediately when you remove the stylus Screen-off Memo Write memos while the screen is off QuickMemo®+ Choose paper style, pen size and color, text and more Capture+ Write or draw on nearly any screen and schedule memos to appear at certain times or locations Battery Saving Restricts apps in background Do Not Disturb Turn off all notifications except chosen ones Multilanguage Support for Phone and Keyboard Input Included Easy Home Show the dialer and other frequently used features right on the home screen for quick and easy access QSlide Function™ Overlay up to two windows with adjustable sizing and transparency Reader Mode, Google Docs™ Document Viewing Included GIF Capture & Editing Create and share your own files by writing with a pen over a captured image Facial Recognition Unlock screen with facial scan Knock On® Double tap the screen to put your phone to sleep/wake it Pattern/Pin/Password/Fingerprint ID Included Android™ for Work Included Accelerometer\* Control games by turning and tilting Native Video Player with Touch Lock, Play on Lock Screen, Video Screenshot and Resume Play Functions Supports 3GP, 3G2, MP4, AVI, MKV, ASF, WebM, FLV and TS Formats Customizable Video Screen Ratio, Subtitle Settings and Playback Speed Functions Included Music Player with Sleep Timer and Notification Panel Controls Supports AAC, AAC+, ALAC, AIFF, AMR, eAAC+, FLAC, M4A, MIDI, MP3, Ogg, OPUS, PCM, WAV and WMA Formats DTS:X™ 3D Audio Rendering Immersive audio rendering that delivers a louder, richer sound for music, video and games over headphones and speakers Audio Codec MPEG1-LAYER II/III, MPEG2-LAYER II/III, AAC, AAC+, eAAC+, WMA7, WMA8, WMA9, WMA9 Pro, WMA9 lossless, WMA9 Voice, WMA10 pro, PCM, PCM-BLURAY, ADPCM (GSM, MS, IMA), G.711/726, AMR (NB/WB), Vorbis, FLAC, OPUS, ALAC Video Codec H.264 (BP/MP/HP), AVC, H.263, MPEG4 (SP/ASP), VP8, VP9, XviD, HEVC (MP), MJPEG, THEORA Customizable Music Library Organized by artist, album, song, playlist and genre Audio Recorder, Music Audio Effects\*\* Included \* Only available on certain interactions with the touch screen. And if you're looking to upgrade to an LG smart TV, we've even got a few of our favorites to recommend on our list of the best TVs. Which LG TV do you have? Figuring out what model of TV you actually have can be a little difficult, but there are two ways to find the model number. Specific features will usually keep the same names, feature controls will usually be found in the same settings menus, and the basic logic for finding a specific feature should hold true even for models from other years. You can find a full, indexed collection of our guide to 2018 LG smart TVs in our LG TV 2018 Settings Guide: What to Enable, Disable and Tweak. In that guide, you'll find more than a dozen how-to guides to using your older LG TV with webOS 4.0, from initial setup to changing picture and audio settings. Our favorite LG TVs Once you figure this out, you can determine the year it was made, the how-to guides that apply to it, and even search for additional support materials from LG. Look for the manufacturer label on the TV itself Find this label on the back or side of the TV.
